PROFILE

I am a highly motivated and enthusiastic fresher seeking an opportunity to contribute my technical skills, strong work ethic, with an eagerness to learn in a dynamic and collaborative environment.

PROFESSIONAL EXPERIENCE

Full Stack Development Intern

March 2025 – June 2025

Vps CodeBuilders Pvt Ltd

Puducherry, Tamilnadu

- Developed and deployed full-stack web applications using React.js, Node.js, and MySQL, ensuring responsive design and smooth user experience.
- Integrated RESTful APIs and optimized frontend-backend communication.
- Collaborated in agile teams to deliver scalable and maintainable code.

PROJECTS

PiPower: A Smart, Self-Sustaining Mini Server for Home & Small-Scale Business Networks

May 2025

Raspberry Pi, Shell Scripting, Networking

Final Year Project

- Innovative Edge Computing Solution: Developed a Raspberry Pi-based smart server offering essential services like VPN, NAS, ad-blocking, real-time monitoring, and local video streaming for home and small business environments.
- Full-Stack System Design: Configured and automated services using Linux, shell scripting, and lightweight server technologies to ensure reliability, low power consumption, and autonomous operation.
- Self-Sustaining Operation: Integrated an Uninterruptible Power Supply (UPS) to provide power backup and safe shutdown features, enabling 24/7 service availability and resilience against outages.

Textile Database Management and Analytics System

Mar 2024

Database Management System (DBMS)

MySQL

- Advanced Data Modeling: Designed and implemented a robust textile database using star schema and snowflake schema, showcasing expertise in data warehouse design and relational database concepts.
- Comprehensive Data Analytics Integration: Leveraged Power BI to create interactive dashboards and visualizations, enabling actionable insights into textile operations, inventory, or sales trends.
- Industry-Focused Solution: Developed a domain-specific database solution tailored to the textile industry, demonstrating practical application of database management and business intelligence skills to solve real-world problems.

TECHNICAL SKILLS

Front end: HTML5, CSS, Bootstrap

Backend: Java, JDBC

Database: MySQL

Soft Skills: Creative Problem-Solving, Teamwork, Active Listening, Adaptability, Analytical Thinking

CERTIFICATIONS

- AWS Certified : Cloud Foundations & Data Engineering
- HTML, CSS, Bootstrap, MySQL, Javascript, Core Java, JDBC, Networking

EDUCATION

Mailam Engineering College

Mailam, Tindivanam

B.Tech Information Technology

2021 – 2025

CGPA-8.13
